NEEDS, COMMENTS

SOUND SYSTEM FOH

Sound System adapted for the Venue, delivering a homogeneous sound at all points of the area to be covered, with In-Fill if necessary. Set equalized and delayed as needed.

Qualified technician present, familiar with the system, available for possible adjustments.

If the venue is equipped with a limiter, please let us know before the show.

MIX FOH / STAGE

Mixing Console Midas M32 and Stage Box DL32 ONLY FOR US. We bring the external peripheral devices we need.

Plan the location of our system in front of the stage, if possible in the middle of the venue. We also manage musician's monitors.

Provide analog audio connection necessary to send our LR outputs to the main mixing console or the amplification system ; And a Mix (XLR) from your mixing console with Speakers (musicians need to ear speakers that you manage).

Provide a table : 1,60x0,75m with chair.

Sound managed with different Ipad and computer.

MONITORS

6 X Wireless In Ears monitors system, brought by you, managed by us + 2 X speakers type L Acoustics X12 with Amplifier + 1 Guitar Amplifier Fender Blues Deluxe or Hotrod Deluxe + 1 Bass Amplifier (Combo) type Markbass or Ampeg.

STAGE

Refer to patch lists and stage plot for all needs (microphones, stand, wiring, music instruments) (see summary for drum needs)... if possible, provide riser for drummer (3 X 2m). (See summary needs).

POWER SUPPLIES

Power Supplies exclusively for sound (isolated for lighting), 1 X 16 amps minimum.

Voltage neither less than 220 V nor greater than 230 V on load and zero between earth and neutral. Provide type C electrical adapter if needed.

INTERCOM

If it is necessary to communicate with musicians on stage, provide an intercom system for one of them.

LIGHTS

Controlled Front Lighting that allows the musiciens to be seen (one source by musician), in balance with the Back lighting, made up of Wash and Spot Source for Beam Effect and Gobo. Dynamic Lighting that follows the musicality of the themes, oriented Rock. Any Addition of Sparkling effect for follow-up (Sunstrip, Strobe, quality smoke machine, Led Par or others... Solo and Highlights) from various sources is welcome (ground, counter-ground, lateral,...).
